Subject: FOIA - Treasury OIG - reports re cyber matters.
Date: Friday, October 18, 2019 12:40:11 PM

Ms. Best – reviewing your FOIA request (2019-10-087) for

Copies of records mentioning or describing audits, reviews, investigations or reports regarding the agency's cyber security, including audits or investigations regarding the state of the agency's cyber security regarding potential attacks as well as audits and investigations conducted in the wake of a suspected or actual cyber attack, hacking incident or breach. Please include materials generated between 1 January 1996 and 30 June 2016.

I will ask our Office of Audit and Office of Investigation to identify potentially responsive records. Given the 20 year breadth of your request, and the certainty that many responsive records will be classified or include third-agency equities, this will take some time. May I suggest that an initial conversation, to discuss the scope of the work we do here, and identify your priorities, could fine-tune your request and get you useful and available information expeditiously. Thank you for your consideration.

Rich Delmar
Acting Inspector General
Department of the Treasury
